KEYNOTES

ON COMMON GROUND: BUILDING BRIDGES TO BELONGING ACROSS DIFFERENCE

When you help people find common ground, they will engage on a whole new level.

YOU DO YOU, BOO AND OTHER FEARLESS FEATS OF AUTHENTICITY & COURAGE

This keynote takes a gentle and loving reminder from a ninth-grader, "You do you, boo!", and spins it into a heartfelt call to action for all of us.

FROM ME TO WE: THE FUTURE OF COMMUNICATION AT WORK

You have a clear vision and big goals, but you can't make the progress you'd like because those you lead or work with don't feel fully seen, heard, or acknowledged.

Building bridges to belonging through story is **Eduardo Placer's** superpower.

A dynamic keynote speaker, charismatic event emcee, and global facilitator, integrator, and guide, Eduardo Placer is a former professional actor who has a rare ability to help people find common ground through compelling narratives that inspire and unite.

He is the founder of Fearless Communicators, a diverse, inclusive public speaking coaching company that works with emerging and accomplished thought leaders on what they say and how they say it. His clients range from presidential candidates and UN diplomats to startup founders, social activists, and industry leaders.

Drawing from his experiences in the U.S. as a proud Cuban American and member of the LGBTQ+ community, Eduardo shares his message of empowerment and belonging with audiences around the world. He is committed to creating inclusive organizations where everyone feels comfortable bringing their authentic selves to work.

Eduardo has worked with individuals and facilitated events at some of the world's most well-known organizations, including TikTok, HBO, Google, Bank of America-Merrill Lynch, and Bristol Myers Squibb.
